Academic Regulations

Study structure and progression

Scope and status

Meridian Example University is fictional. This document is a fictional demonstration policy for CampusRAG, not an official policy of DTU or any real university. These example regulations apply to the fictional 2026-2027 academic year.

Semester structure

The academic year has two teaching semesters. Each semester contains 16 teaching weeks followed by an examination period. Undergraduate and postgraduate students register for courses at the start of each semester.

Registration window

Course registration for the fictional autumn semester opens on 3 August 2026 and closes on 14 August 2026. A student must meet the stated prerequisites before registering for a course.

Credit load

B.Tech students normally register for 18 to 24 credits per semester. M.Tech students normally register for 12 to 18 credits per semester. A faculty adviser must approve any request outside the normal credit range.

Academic Regulations

Assessment and academic support

Passing a course

The minimum passing grade is D. Students must earn a cumulative grade point average of at least 5.0 out of 10 to graduate. A failed compulsory course must be repeated when it is next offered.

Advising

Students with a semester grade point average below 5.0 must meet their faculty adviser before the next registration period. Academic support includes weekly tutoring and adviser office hours.

Policy boundaries

Attendance eligibility is defined in the separate Attendance Guidelines. Examination conduct and re-evaluation procedures are defined in the separate Examination Guidelines. This document does not specify tuition fees, scholarship amounts, or hostel charges.
